TO WHOM IT MAY CONCERN

This is to certify that EMAN ALI D/O ZAHID HUSSAIN having VUID bc210206253 was a student of Virtual University of Pakistan in the program Computer Science. It is worth noting that the medium of instruction at Virtual University of Pakistan is English.

She was my student in the course of “Artificial Intelligence (CS607)” and she performed very good in this course. She has a deep understanding and a penetrating insight of the concepts that have come across during her course work. She has a firm grasp of the theoretical aspects as well as the implications of the ideas presented to her. She always explained her views very concisely and gave supporting arguments that were both clear and persuasive.

I am pleased to write in support of EMAN ALI's application for higher studies as she has the aptitude to learn. This fact is shown from her grade book. I wish her all the best for her further studies.

A handwritten signature in black ink, appearing to read 'Nadia'.

Dr. Nadia Tabassum

Assistant Professor

Department of Computer Science and Information Technology

Virtual University of Pakistan
